Wanted: wickerwork designers and basket weavers from all over the world

Even if the Lichtenfels Korbmarkt, or Basket Market - the Flecht-Kultur-Festival - can, unfortunately, not take place in the usual way in 2021, the German Basket Town Lichtenfels is planning a series of exhibitions in collaboration with the Centre for European Wickerwork Culture Lichtenfels (ZEF) and the German Basket Museum.

“Wickerwork from all over the world inspires Lichtenfels”

Wickerwork designers /basket weavers from all over the world are presenting their creations in the Stadtschloss Lichtenfels, the town castle.

The exhibition in the Stadtschloss Lichtenfels strives to showcase wickerwork that is typical for a certain country or characteristic for an individual wickerwork designer / basket weaver or which are uniquely innovative.

The profile of each participating wickerwork designer / basket weaver is presented with both text and photo on a roll-up display. In addition, the wickerwork designers can address the visitors in their own video message.

Livestreams with participating wickerwork designers/ basket weavers are also planned and a publication is to accompany the exhibition.
